Questions & Answers

What is You & I?

You and I is an employee giving program that gives you another opportunity to make an impact where you work supporting patients and employees. You can give to any program you choose. For more information visit stjosephhospital.org/employee

Why should I give?

When you donate, your gifts support vital programs and provide resources to patients and colleagues in need. St. Joseph Hospital is a non-profit institution that relies on philanthropic support to help achieve its mission.

What other ways does St. Joseph Hospital gather philanthropic support?

In addition to employee and physician gifts, St. Joseph Hospital reaches out to our patients, community, vendors, corporate partners, foundations and board members to ask for support for our mission.

Is my gift tax-deductible?

Yes! The One Big Beautiful Bill Act created a permanent above-the-line deduction for charitable donations of \$1,000 per filer who takes the standard deduction beginning in tax year 2026. Therefore, if you do not itemize on your taxes, you may still be able to deduct the full value of your charitable contribution to our organization.

What ways can I make a gift?

1. Payroll deduction is a small way to make a big difference! Payroll deduction will start the first payroll period of May.
2. Earned time is an easy way to give! Donated hours will be deducted in October. The net amount (after taxes and deductions) is your tax-deductible gift amount. The value of your donated Earned Time hours will be included in your annual income as reported on your W-2 form for tax purposes. Any number of hours can be donated up to 80 hours.
3. A one-time gift of any amount makes a difference! Just submit cash, check or credit card information to the Foundation at the address below or make a gift online at stjosephhospital.com/employee
4. Name St. Joseph Hospital as a beneficiary of your life insurance or in your will
